

Corporate membership

£189

1 October 2009 – 30 September 2010

The ISM is the UK's professional body for musicians. We promote the art of music and the interests of musicians through campaigns, support and practical advice.

Corporate membership of the ISM is a uniquely valuable network which brings together professional musicians, their clients and their employers under a single umbrella. We are an independent voice for music, speaking out without political interference or financial imperatives, lobbying and campaigning to represent members' views to policy makers.

More and more musical businesses, ensembles, organisations, colleges and schools are recognising the value of belonging to a professional body that can help them with information, advice and contacts. We offer a comprehensive range of benefits to all organisations with a working interest in music.

We have more than 100 corporate members, including orchestras, universities, conservatoires, schools, music services, retailers, publishers and manufacturers – please see overleaf for a complete list.

Please do not hesitate to contact us if you have any questions. We would be delighted to welcome you as an ISM corporate member – our organisations have much to offer one another.
